THIS APPLICATION IS SUBJECT TO WITHDRAWAL FROM ISSUE AT THE INITIATIVE OF THE OFFICE OR UPON PETITION BY THE APPLICANT. SEE 37 CFR 1.313 AND MPEP 1308.

If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

If you are charging the fee(s) to your deposit account, section "4b" of Part B - Fee(s) Transmittal should be completed and an extra copy of the form should be submitted. If an equivalent of Part B is filed, a request to reapply a previously paid issue fee must be clearly made, and delays in processing may occur due to the difficulty in recognizing the paper as an equivalent of Part B.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: With regard to claim 1, the prior art of record does not teach or suggest a table top including a first side block and a second side block, the first side block coupled to the first side rail and in spaced relation to the corner block, the corner block coupled to adjacent ends of a side rail and an end rail. There is no motivation or suggestion in the art to provide such positioning of the blocks with respect to and including the shell, cellular core and interior frame. With regard to claim 33, the prior art of record does not teach or suggest a table top including an interior frame, blocks, core, and shell with the slidable connection of the blocks with the rail structures.

Claims 1-12, 14-37 are allowable. The restriction requirement between Figs 1-15 and figs. 16-20, as set forth in the Office action mailed on 03-31-06, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 18-31, directed to a different species are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. However, claims 38-44, directed to a different species remain withdrawn from consideration because they do not all require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present

application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

This application is in condition for allowance except for the presence of claims 38-44 directed to a species non-elected without traverse. Accordingly, claims 38-44 have been cancelled.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to José V. Chen whose telephone number is (571)272-6865. The examiner can normally be reached on m-f, m-th 5:30am-3:00pm.
